

# FLIGHT OUTFITTERS BUSH PILOT

The Bush Pilot bag was designed for anyone with an adventurous spirit, and is equally at home in the back of a light jet or on the right seat of a seaplane. It has room for an extra headset and protective pockets for expensive aviation gear, but it's also well-suited for use as a travel bag. There's plenty of room for extra clothes or other miscellaneous items that don't stay in the aircraft. It is a great multi-use flight bag.

FO-BUSH PILOT \$139.95
